

Serie3®

Skilt og vridere med forenklet montering

En serie av dørvidere og beslag hvor design og funksjon står i fokus. Montering er enkel, valgmulighetene mange og designspråket enhetlig.

Serie3®

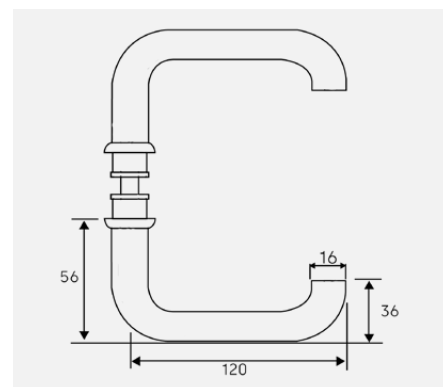

Montering uten seegerring

En helt unik serie med skilt og dørvidere, hvor man ikke trenger seegerring i monteringen for å feste vrider til skilt. På store prosjekter har seegerring-monteringen blitt svært tidkrevende, og ofte vært gjort i forkant. Med Serie3 vil dette kunne gjøres på montasjestedet. Enklere montering – både tidsbesparende og mer miljøvennlig.

Vårt engasjement for bærekraft

Vi forplikter oss til å fremme en bærekraftig utvikling i hele verdikjeden vår, som samsvarer med vårt økonomiske, miljømessige og samfunnsansvar med tanke på nåværende og fremtidige generasjoner.

Bærekraft på produktnivå er en viktig, fremtidsrettet tilnærming for byggebransjen. For å kunne gi kvantifiserbare opplysninger om et produkts miljøeffekter gjennom hele dets livssyklus fremstiller dormakaba miljøprodukterklæringer (EDP-er), basert på helhetsvurderinger av levetiden.

Mer informasjon er tilgjengelig på www.dormakaba.no.
