

5408R DOOR CABLE TRANSFER

Short Description

A slim power transfer leads cover with an 8,6 mm inner diameter. A cable transfer for flexible cable mounting between a wooden door and door frame.

Description

A slim cable transfer for wooden doors.

Screws are included.

For assessments, see each variation below.

Byggvarubedomningen assesses the 5408R cable transfer. This means that the assessed product is examined on chemical content, life-cycle, and sustainable supply chains. In this way, we contribute to making it easier to build sustainably. Read more on [Byggvarubedomningen.com](https://byggvarubedomningen.com).
