

Hoppe Handle blocking device, Child protective product

Holder/Issued to

Beslagskonsult i Göteborg AB

Neongatan 11, SE-431 53 Mölndal, Sweden

Product description

Hoppe child protection product is made from metal and is mounted with the handle for building parts as windows and window doors. It is connected to the frame with two screws.

Intended use

A child safety fitting used for internal mounting on outward- or inward-facing windows, window doors or similar constructions. The fitting is used to prevent younger children from accidental opening of windows, window doors or similar constructions.

Trade name

KISI2, Hoppe K2-76, Hoppe K2-26, Hoppe K2-14, Hoppe K2-34.

Approval

The products satisfy the requirements set forth in chapter 8, 4 § 4 PBL, in respect to and under conditions stated in this type approval, and are therefore approved in accordance with the provisions of the following sections of Boverket Building Regulations (BBR), issued by the National Board of Housing, Building and Planning.

Openable windows, balcony doors etc.

Associated documents

"Monteringsanvisning", 2017-12, 7199404.

Control

The factory production control (FPC) is monitored by an independent inspection body.
Control plan: Ref no. 1151849 dated 2023-01-23, Inspection body: RISE.

When the building proprietor performs inspection at the building site, markings shall be checked to ensure that the correct products have been supplied and that they are used in accordance with the conditions in this type approval and associated documents. Further the product shall be accompanied by a manufacturer's assurance, certifying that the product has been manufactured in accordance with the documents on which this type approval is based.

Manufacturing places

Production control includes the following place:
HOPPE s.r.o, Praská 5377, CZ-430 01 Chomutov, Czechia.

Marking

The products are to be marked at the factory. The marking consists of a text on every product supplied together with information on documentation and includes:

Basis for approval

Report P603636 from SP. Report O100192.DP08-1164695 from RISE.

Comments

Associated documents shall accompany the product or by other means be available to users of the product.

This type approval supersedes the previous type approval with the same number dated 2018-01-29, valid through 2023-01-28.

Validity

Valid through 2028-03-01.

The validity of this type approval can be verified at RISE homepage.

The validity of this type approval expires when the type approved products with the intended use according to this type approval shall be CE-marked according to the Construction Products Regulation (EU) 305/2011.
